

## **Biography**

KENNETH B. MOLL & ASSOCIATES, LTD. (KBM), located in Chicago, Illinois, represents people killed or seriously injured from across the United States and in over 57 countries individually and in class and group actions from defective products. The firm has gained a national and international reputation for identifying dangerous and fatal products. Vioxx, Baycol (Lipobay), Fen-Phen, Firestone, Ford and Tobacco litigation are just a few examples of the ways in which KBM has been instrumental in recalling products and raising awareness of the harm and severity that certain “untouchable” industries have on society.
